PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in full stack web development and AI-powered applications. Skilled in React.js, Next.js, Node.js, Express.js, MongoDB, SQL, and REST APIs, with experience building production-oriented applications and integrating Generative AI solutions.

EDUCATION

IMS Engineering College

B.Tech – CSE (CGPA: 8.17)

Ghaziabad, UP

Sep 2022 – June 2026

New Rainbow Public School

XII PCM (76%)

Ghaziabad, UP

Apr 2020 – May 2021

TECHNICAL SKILLS

Languages: C/C++, Python, JavaScript

Web Technologies: HTML, CSS, React.js, Next.js, Node.js, Express.js

Databases: MySQL, MongoDB, PostgreSQL

Data Visualization: MS Excel, Power BI, Tableau

Tools: Git, GitHub, Docker, Informatica IICS

EXPERIENCE

Web Development Intern

May 2025 – June 2025

CollegeTips Edtech Media Pvt. Ltd

- Developed and integrated an AI-powered chatbot for the website to handle user queries and improve user engagement.
- Built and optimized responsive UI components using HTML, CSS, & JavaScript, enhancing performance and cross-device usability.
- Integrated REST APIs and improved frontend performance by reducing load times and fixing UI issues.

PROJECTS

Prept – AI Interview Marketplace

React.js, Tailwind CSS, Supabase, Stream SDK, Google Gemini API

- Built a full stack AI powered mock interview platform enabling users to book one on one interview sessions with real time video, chat, and screen sharing.
- Implemented AI driven question generation and post interview feedback analysis to evaluate communication, technical depth, and problem solving skills.

EnhanceAI – AI Career Assistant

Next.js, Tailwind CSS, Prisma, Neon, Clerk, Google Gemini API

- Built a full stack AI powered career assistant providing personalized resume feedback and interview preparation guidance.
- Implemented secure authentication and integrated Google Gemini API for intelligent, context aware career recommendations.

Mealio – Group Based Food Ordering Platform

React.js, Node.js, Express.js, MongoDB, Stripe

- Developed a MERN stack food ordering platform with authentication, cart management, and secure online payments.
- Designed and implemented a multi user group order feature enabling shared carts and single click order placement.

ACHIEVEMENTS

- Cleared the **TCS National Qualifier Test (NQT)**.
- Secured **Global Rank 6151** in **TCS CodeVita Season 13**.

CERTIFICATIONS

- Generative AI Fundamentals** – DeepLearning.AI
- Journey to Cloud: Envisioning Your Solution** – IBM
- Cloud Data Integration for Developers** – Informatica University
